

### Discovery Centre Visit

Learn through an Interactive Smart White board lesson. "ignite, conclude, or enhance" classroom learning. Many *topics* on offer or make this visit a teachable moments. Able to tailor make, adapt the programmes toward schools' needs

### Activity within the Discovery Centre.

The Discovery Centre houses a wide range of fossils, cave crystal formations and the skeletal remains of long extinct [bird](#) life in its extensive cave related collection. Hands on features such as the cave crawl and 'feely' boxes allow students to interact with the displays. Click here for a [junior quiz sheet](#) or a [crossword](#) for students to complete while in the Discovery Centre. Secondary students gain a more in depth understanding of [limestone](#), [caves](#), [speleothems](#), and the [effects of tourism](#) on the region.

L1-3 Activity: Feeling Box. Investigating the sense of touch.

Much more

The sense of self directed discovery and inquiry awaits in the discovery centre, Museum of caves.

L1- 5 Ask about the Lights out. Explore with your own light..... Just like a cave?
